“ *Diane was my college roommate and we also briefly shared an apartment together in the early 1980s. Diane was one of the most kind, generous women I have ever met. And fun ! Beautiful inside and out...I so wish I could have connected with her in recent years. The last time I saw her was while shopping with my 3 yr old son back in the mid 1990s. Loved you then and still do. Rest in peace , my friend.* ”
