“ Joan was a great teacher I learned so much from her and I took what I learned from her and teach it to children that needed help with the same things that Joan taught me and she will be missed but her teaching will still go on

“ To all my fellow Curtin kids...you should cherish the family and parents that you have. Howard and Joan were so much a part of our neighborhood that sometimes we forgot who was in charge. They were special people and I was privileged to have them be a part of my life.

My condolences to the Curtin family. My heart hangs heavy with the news of mom's passing. She and all of our moms were something special in the neighborhood. Neighborhoods like ours don't seem to exist these days, so we were some lucky kids back in the day!! May your times together and the memories made help you get through these difficult days ahead and as the days move forward, may those same memories and others bringing smiles and laughter as you continue to share those times together over and over. I always remember mom as pictured - with a smile on her face. Love, hugs & kisses to all.
