

Ruth Evelyn Wisner-Roberts

April 29, 1932 - December 22, 2020

Albany, NY

Ruth Evelyn Wisner-Roberts was born on April 29, 1932 and passed away on December 22, 2020.

Ruth was truly a remarkable woman, and not for any public celebrity, but rather for the kind of mother she was to her two sons, Steven and Ricky. She is survived by her brother, Charles Wisner, of Troy, New York

She was the type of woman and mother that is the reason why and how our civil society exists.

She was selfless and loving of all people, especially of her two sons. She sacrificed for her children financially and personally to keep them safe. She instilled in her sons a sense of right and wrong, and taught them to not fall for anything, but to question and examine information to distinguish fact from fiction. She had a strength of character and determination in a time when her generation considered women to be dependent.

Mothers like this are the reason we love them so very much.

So, what would we do without mothers like this in our lives – I, her son

Steven, am about to find out.

Funeral services and calling hours will be private, and at the convenience of the family.
