“ Tina with someone who could make you laugh she also with someone that would cry with you when you cried she told your hand through ups and downs even though she was fighting many of her own Tina gave love to all those who knew her she never asked for anything in return except for that you just treated her right Tina was more than a sister she was my best friend our family holds a special bond we've left together we've tried together we shared ups and downs but the one thing I can say is we always held each other in our hearts and we were there for each other maybe not every moment when we need it in person but we were always there and heart Tina looked out for us a lot she had a big big heart and she gave so unconditionally she felt many struggles to her life but she overcame them for the most part Tina showed people with true love friendship and caring was she will be missed but she will be remembered always and forever because she had that special thing about her that just will never fade no matter white I will always remember you sis I will always cherish you and I will always love you and I'm sure you were semi-signs all the time that you were near I love you always and forever to the moon and beyond and I know you love me more.
