LS

“ Billy and I went to school together. I always admired him. He took care of my brother in law and was always available and concerned. He and John Len were always in competition with each other, both becoming MD's. RIP Billy, wish you had come to our class reunions!

“ Haven't seen Dr McDonald in years but I remember him being the most caring Doctor. He would even call you at home to be sure you were ok. Wish there where more doctors like him. Now you only get to see a PA. May he rest in peace
